WELCOME

To Otter Homecare's Wellness Booklet - your guide to living well, with care and confidence. This booklet is designed to support your overall health and wellbeing, offering tips, helpful resources and encouragement every step of the way.
At Otter Homecare, we believe wellness should be accessible to everyone regardless of ability, background or circumstance. That is why this booklet is created with inclusivity, ensuring information is easy to understand and useful.
We are here to help you feel supported, informed and empowered.

WELLBEING &

Physical Health

Healthy Eating

Fuel your body, feel your best!
Healthy eating gives your body the fuel it needs to grow, stay strong and feel good every day. It helps support your immune system, keeps your energy levels steady and reduces the risk of long-term illnesses like heart disease and diabetes. Eating 3 balanced meals a day is important as it improves your concerntration and increases energy levels! By choosing nutritious foods regularly, you're investing in your health and well-being!

Healthy Habits

A good sleep pattern
Getting 3 meal a day
Getting your fruit and veg into meals or snacks
Regular rest periods
Meet friends/family or attend your social groups

> Exercise is the key not only to physical health but to peace of mind
> -Nelson Mandela

The Otter Guide : Physical Health

Some inclusive suggestions for light exercises to support your body and mind

Seated Exercises

- Neck rolls – slowly roll head side to side.
- Shoulder shrugs and rolls – to release tension.
- Seated side stretch – one arm overhead, gently lean to the side.
- Seated spinal twist – gentle torso rotation while sitting.
-

Breathing Exercises

- Box breathing – inhale 4 seconds, hold 4, exhale 4, hold 4.
- 4-7-8 breathing – calm the nervous system and reduce stress.
- Diaphragmatic breathing – deep belly breathing for calmness.
-

Fresh Air

Take some time to get out in the fresh air, shifts can be long and some days are tough physically and mentally. Always ensure you take time to reflect, take a walk, move your body and get in nature to help get your blood flowing and mind relaxed

Gentle Mobility

- Ankle circles
- Wrist rolls
- Marching in place
- Heel/toe raises
- Arm circles

Mindful Yoga

- Chair yoga or gentle yoga flow
- Tai chi-style arm movements
- Simple dance/stretch combo

WORK LIFE BALANCE

WHY IS WORK LIFE BALANCE IMPORTANT

Reducing stress and preventing burnout
Enhancing job satisfaction and motivation
Supporting physical and mental health
Sustaining long-term performance and engagement

OTTERS COMMITMENT TO YOU

Flexible Working Options: Where possible, we support part-time roles and flexible shift patterns.
Reasonable Workload Management: Regular reviews of duties and scheduling to prevent excessive workload.
Breaks and Rest Periods: Encouragement to take regular breaks, including scheduled rest
Time Off and Leave Policies: Access to annual leave and compassionate leave
Wellness Resources: Access to mental health support, Employee Assistance Programs (EAP), and stress management resources.

YOUR ROLE

Prioritize self-care and personal time
Communicate openly with your manager about your workload or stress levels
Make use of your leave and break entitlements
Seek help early if you're struggling—support is always available
